HIGHWAY ADDITIONALS

Jim Peck presented:

1135-20213-790 \$10,000 (cumulative bridge fund)

Traffic counters for Federal aid projects

Gick questioned why we are not participating with THRIVE for traffic counts instead of paying for it locally. The cost would then be 20% and the other 80% would be covered by the State. Peck said he has spoken with them; however, they would not be able to meet the deadline required for some upcoming projects he wants to do. Gick made the motion to approve. Huffman seconded. The motion passed unanimously.

1169-30366-706 \$35,000 Local Road Safety Action Plan

(Roads & Streets fund) Gick made the motion to approve. Alcorn seconded. The motion passed unanimously.

1176-10116-702 \$ 4,300 Raise approved @ February meeting

1176-10149-702 \$ 3,900 Raise approved @ February meeting

(Highway MVH fund) Berry made the motion to approve the two additionals. Huffman seconded. Gick abstained, he was not at the last meeting where this request was approved. The motion passed.

Peck informed the board Huffman bridge was closed today. He had been watching it this past year and it has been settling and to the point of causing safety issues. Dunbar covered bridge had a critical finding on it today; however, they feel they can fix it themselves. Edna Collins bridge did not have any critical findings but some advanced rotting.

CLERK ADDITIONAL

Tracy Bridges presented:

1119-30303-104 \$25,000 Elections software & maintenance

(Clerks Perpetuation fund) Bridges introduced representatives from An Island LLC that came to the meeting to give a brief overview of what the program would do. The upfront cost is 25K, then there would be 7-10K annual maintenance fee. The program would allow people to see voting results in real time on their phones, computers. And there would be screens set up in courthouse displaying the votes. Bridges assured everyone the large white board on the second floor would remain, she found people saw it as a tradition to post the votes on the board.

Council questioned the annual maintenance fee, and what about the year there is not an election? Company said there would still be a maintenance fee for the upkeep of the software. Individuals would have the ability to look in history to see for example what someone had received in votes 4 years previously. Some customers have offset the maintenance fee by getting sponsors to pay for ads on the site.

Gick made recommendation to table it and have the Clerk take contract to the Commissioners at their next meeting. If the Commissioners are not in favor of the contract, then the funding issue is moot. Bridges was not aware she needed to take it before the Commissioners. At this point, there is not a contract to even review according to what the company stated. Gick made the motion to table. Alcorn seconded. The motion passed unanimously.

ASSESSOR – EMPLOYEE PAY

Don Badolato said Janet Brown was going to work until October 2023 but now is retiring this month. He is restructuring the duties of his personnel. One open position he has, he wants to start the individual at a lower amount due to level of job experience. He requested to change appropriation 4928-10113-105 from \$32,188 to \$32,760 for Michele Cox. Gick made the motion to approve. Huffman seconded. The motion passed unanimously.

Mindi Jackman-Hanlin said there is an incentive program they can participate in; they think they will qualify for 4K per quarter in reimbursement. Gick felt this new source of money could help fund the pauper counsel. Then take the bailiff salary from an established fund. Berry made the motion to approve the 10K additional. Wallace seconded. The motion passed unanimously. Gick made the motion to approve the bailiff position but to pay it from public safety LIT instead of the requested county general fund.
