Only need 25K due to a deputy being gone for military reasons. Wallace made the motion to approve. Huffman seconded. The motion passed unanimously.

COMPREHENSIVE FINANCIAL PLAN

Jason Semler with Baker Tilly came to present their findings. One of the more concerning findings was the county general fund. The county is spending more than what they are bringing in, in this vein it will eat up the operating balance quickly. Encouraged the county to look at what is getting paid out of county general and move whatever you can to another fund/budget. The sooner, the better to help the cash flow. The county can also help the cash flow by increasing user fees and LIT rates.

COMMISSIONER ADDITIONALS

Auditor Berish presented:

1237-50622-0068 Opioid Grant Restricted \$170,100.42

1238-50622-0068 Opioid Grant Unrestricted \$72,096.52

9143-50631-0068 ARPA Grant \$2,314,731.78

Appropriate the new opioid funds the county received and to appropriate the remaining balance as of 12/31/22 in the ARPA account.

Parker made the motion to approve the 3 additionals. Huffman seconded. The motion passed unanimously.

4946-30303-0068 Repairs & Maintenance \$209,000

Demolition cost for the old Jones Elementary School.

Wallace made the motion to approve. Parker seconded. The motion passed unanimously.

RAISE REQUEST FOR HIGHWAY OFFICE PERSONNEL

Rick Woodall said they had submitted for an increase in salary for several individuals last year and all but 2 were approved due to not enough Council members present at the meeting to make the approval process meet the quorum requirements. He was coming before the Council to address the two office positions:

	2022 Salaries	2023 (adjusted) Salaries
Administrative Asst.	\$42,080	\$48,392 15% raise
Secretary	\$38,405	\$44,165.75 15% raise

Woodall said they had done away with a position last year, Bridge Foreman because they found the individual was not doing the responsibilities and they now had a Highway Engineer that specializes in bridges.

The Commissioners did have the two office personnel going after reimbursements to the county for damages to guardrails and signs. They had recouped \$26,249.38. There is another 19K to go after, but the office was told to not do it since it was not in their original job description and the Council had denied the pay increase so it was sitting on their desks.

Alcorn questioned why Woodall would have the personnel stop doing a job they obviously had time to do since they were able to absorb it and continue doing their own work without working extra hours to do so. This was money coming back to the county which would help fund the highway budget. He did not understand the logic in that just because they did not get what they wanted, still have a job to do.

Campbell called for a motion, Alcorn said since he made the motion last time he would start it again. Alcorn made the motion to approve Administrative Assistant salary be increased to \$48,392 and the Secretary to \$44,165.75. Huffman seconded. Campbell asked the Auditor to call for a vote: Wallace – aye, Alcorn – nay, Berry – aye, Campbell – nay, Parker – aye, Huffman – aye. The motion passed with a vote of 4 to 2.

Auditor Berish stated she did not disagree with the new salaries for the two positions, in the workforce with their job descriptions this was most likely in the ballpark of where they should be. And the two individuals do a great job for the county. However, it still came to question increasing two employees who already made more than most other county employees with comparable or harder jobs. And now, the Council just made the gap that much wider.

Example – the Auditor has 3 deputies in her office making 35K and they just made a secretaries' salary 44K. How do you justify the difference? It should not be about that a department got rid of a position, and in this instance it was a position they admitted they did not need to begin with. Or it came down to an office having “fluff” in their budget to transfer to salaries.

Another example, they made the Administrative Assistant salary 48K, that is more than the Plan Commission Director, the GIS Deputy, the Payroll/HR Deputy, Chief Deputy in Clerk's Office...who do their position for the entire county and not just a department.

The moral of county employees is at a low point the way it is regarding their wages and feeling like the boards do not care. The motion they just passed, will now make it worse. We are already losing great employees because they do not feel appreciated, and they can find another job making more money and we lose the training/experience of that person.

The county is doing a wage study but that appears to be around 8 months before you will get results and then it will be a matter of how to fund it.
